

SIMPLE CHANGES BIG RESULTS

Fast, touchless shift starts for “the new normal”

Give employees peace of mind and increase productivity with contactless device handoffs in seconds. Self-serve access lets them get what they need, when they need it.

Contactless handoffs

Saves time and encourages social distancing

Device chain of custody

Quickly identifies any devices that require sanitizing

Increased accountability

Reduces loss and damage to keep more devices available

Less waiting, more working

- » Minimizes lines at shift starts
- » Cloud-based data and insights
- » Sends alerts for overdue devices
- » Protect your device investments
